Application

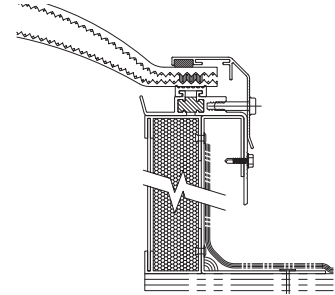

Quasar skylight shall be model No. _____ as manufactured by Kingspan Light + Air, Santa Ana, CA. The skylight shall be fully factory assembled consisting of an impact modified prismatic acrylic material with a CC-2 classification that is sealed by interior and exterior gaskets. The skylight frame is fabricated from 6063-T5 heliarc welded aluminum which has an integral condensate channel to carry moisture to the exterior. The aluminum retaining cap fasteners are corrosion resistant. An AAMA Compliant polyurethane thermal break material is utilized in the thermally broken curb frame to prevent thermal losses through the frame and the formation of condensation on its interior surfaces. The thermally broken self flashing frame is fabricated from aluminum with a 2-3/4" roof nailing flange and 1" of insulation inside a PVC frame with a white aluminum liner on the interior. The insulated aluminum self flashing curb has a 2-3/4" roof nailing flange and varying heights from 4" to 18".

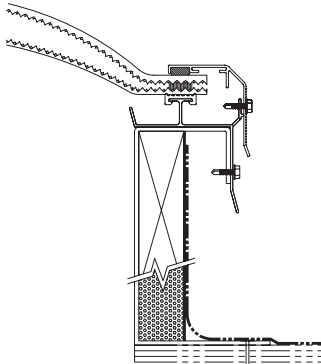

AL - Aluminum framed skylight. Available as curb mounted or self flashing.

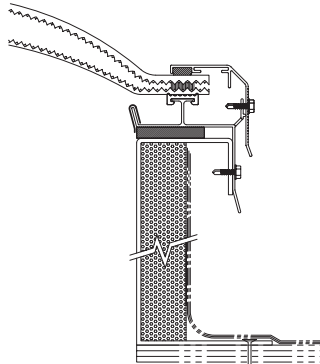

ALB - Aluminum framed skylight with UL/FM Compliant Polyvinyl Chloride (PVC) thermal barrier break. Available as curb mounted only. (Shown with optional curb seal tape)

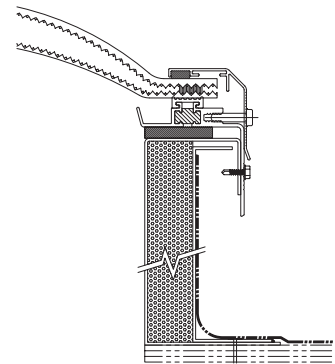

ALT - AAMA Compliant thermally broken aluminum framed skylight. Available as curb mounted or self flashing. (Self flashing model shown)

ALI - Aluminum framed skylight with insulated base. Available as self flashing only. (Shown with optional wood nailer and aluminum double wall)

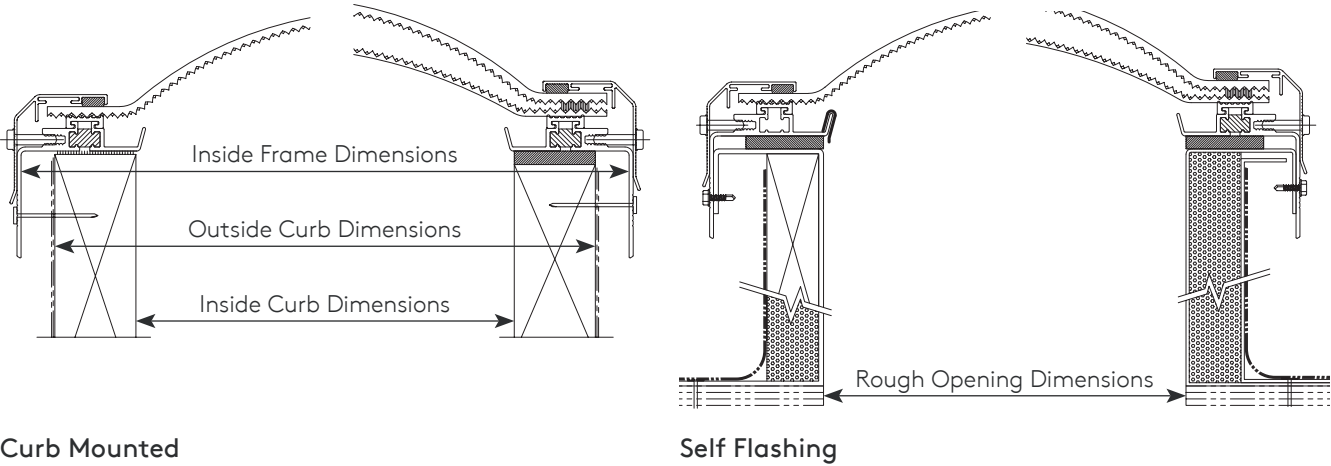

ALIB - Aluminum framed skylight with UL/FM Compliant Polyvinyl Chloride (PVC) thermal barrier break and insulated base. Available as self flashing only. (Shown with optional curb seal tape)

ALIT - AAMA Compliant thermally broken aluminum framed skylight with insulated base. Available as self flashing only. (Shown with optional curb seal tape and aluminum welded double wall)

Technical Specifications

AAMA	WDMA/CSA 101/I.S.2/A440-08 & WDMA/CSA 101/I.S.2/A440-05
IECC 2015	Meets with controls all climate zones (standard double dome skylight)
Fire Rating (ASTM D635)	CC2 Rated / Class A Plastic Performance
NFRC	Certified
OSHA	Meets CFR load values

Example Model Number

4896-ALT-CMT-2-CPM-WPM-MF

Features

1. Extruded 6063-T5 aluminum frame
2. Curb mounted (CM) or Self flashing (SF)
3. Impact modified prismatic acrylic glazing
4. Radial triarch shaped glazing, as standard
5. 2-3/4" nailing flange (*self flashing models only*)
6. UL Listed santoprene thermoplastic gaskets
7. Black butyl retainer cap sealant
8. Polyurethane glazing sealants

Skylight Options

1. Three skylight frame designs:
 - a. Extruded aluminum frame (AL)
 - b. Extruded aluminum frame with thermal barrier break material (ALB)
 - c. AAMA Compliant poured & debridged thermally broken extruded aluminum frame (ALT)
2. EPDM curb seal tape (T)
3. Single (1) or double (2) glazed
4. Standard glazing options:
 - a. Clear impact modified prismatic acrylic (CPM)
 - b. White impact modified prismatic acrylic (WPM)
5. Pyramid (P) or double hip (DH) shaped dome
6. Mill finish frame (MF), as standard (*Custom, or specialized paint available upon request*)

Self Flashing Curb Options

1. Curb heights*:
 - a. 9"
 - b. 12"
 - c. 18"

**Custom heights available upon request*
2. Insulated curb (INS)
3. Wood nailer (WN)
4. Non-welded double wall (DW)
5. Welded double wall (WDW)
6. Aluminum termination bar (TB)

Accessories

1. Gladiator
 - a. External safety cages (SCAGE)
 - b. Safety screens (SSCRN)
 - c. Security grills (SG)
 - d. Structural curbs (SC)
2. Quickkit (*Installation Kits*)
 - a. Stainless steel (QKSS)
 - b. Zinc plated (QKZP)

Light Transmittance & Thermal Properties*

Glazing Makeup	VLT	SHGC	U-Factor
Single Glazed - CPM <i>Clear Prismatic Acrylic</i>	92%	0.86	1.02
Single Glazed - WPM <i>White Prismatic Acrylic</i>	72%	0.73	0.99
Double Glazed - CPM/CPM <i>Clear Prismatic Acrylic/Clear Prismatic Acrylic</i>	85%	0.58	0.74
Double Glazed - CPM/WPM <i>Clear Prismatic Acrylic/White Prismatic Acrylic</i>	70%	0.47	0.73
Triple Glazed - CPM/CPM/CPM <i>Clear Prismatic Acrylic/Clear Prismatic Acrylic/Clear Prismatic Acrylic</i>	78%	0.43	0.63
Triple Glazed - CPM/WPM/CPM <i>Clear Prismatic Acrylic/White Prismatic Acrylic/Clear Prismatic Acrylic</i>	62%	0.33	0.62

**Values may vary slightly depending on unit size and specification*

Warranty

For a period of ten (10) years from date of purchase, Kingspan Light + Air warrants that Quasar Prismatic Acrylic skylights will be free of defects in material and workmanship and no uncontrolled water leakage through the commercial fixed curb mount or self flashed skylight. Exceptions do apply. Please see full 10-Year Warranty document for more details.
