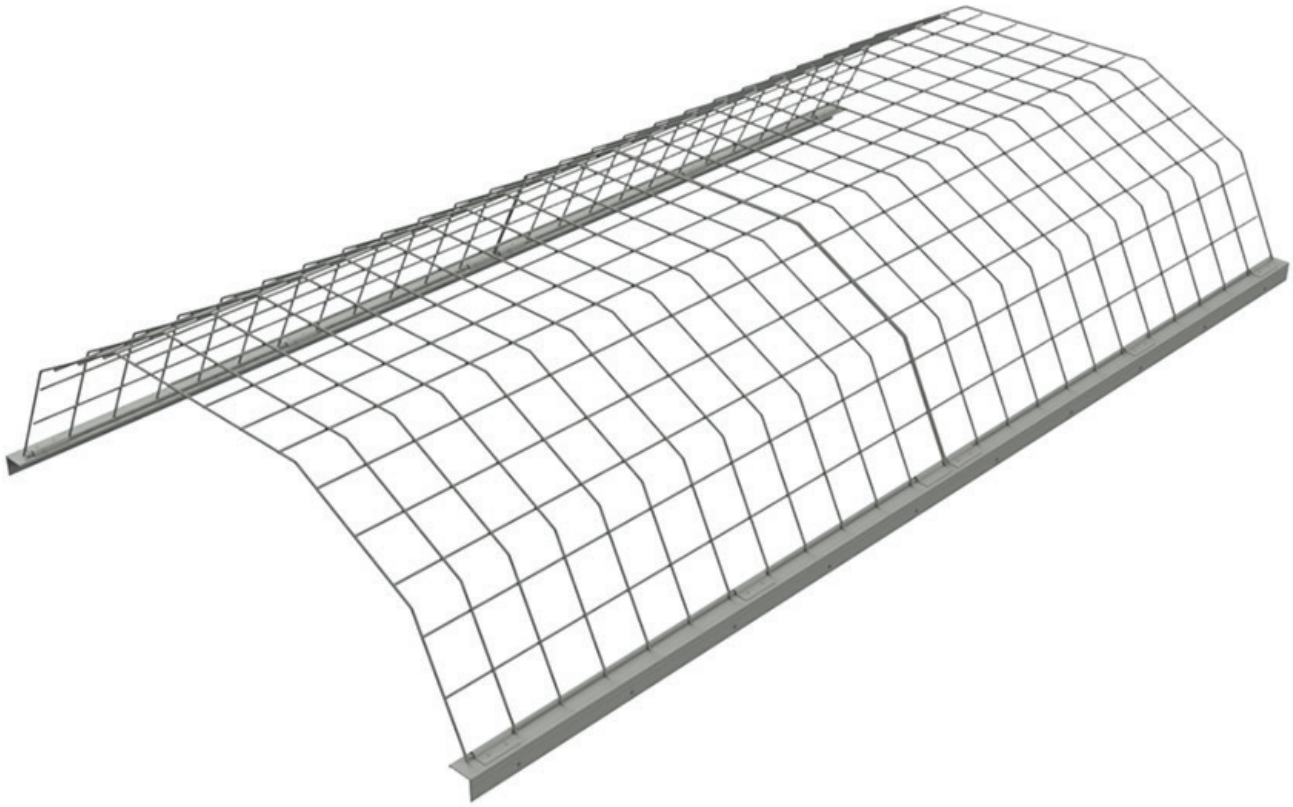
Gladiator External Safety Cage
Product Data Sheet

Safety For Your Roof



Application

Gladiator external safety cages shall be model No. SCAGE as manufactured by Kingspan Light + Air, Santa Ana, CA. External safety cages shall be fully factory assembled consisting of a Ø1/4" nominal galvanized steel wire mesh with a 4" square grid pattern and 3" long corrosion resistant metal angle connecting clips. External safety cage attaches to 1-3/4" x 2" corrosion resistant angle brackets. The external safety cage assembly is to be attached to the skylight frame using corrosion resistant #8 TEK screws with an interval spacing of no more than 12" centers. External safety cage shape may vary based on size and rise of skylight.
